

Pension & Fiduciary

Veterans Non-Service-Connected Pension and Survivors Pension

Pension is a needs-based benefit designed to provide certain wartime Veterans and their survivors with a minimum level of income that raises their standard of living.

Wartime Veterans who are age 65 or older or have a permanent and total non-service-connected disability, and who have limited income and net worth may be eligible. Veterans who are more seriously disabled may qualify for pension at the increased housebound or aid and attendance (A&A) rates. Surviving spouses and dependent children of deceased wartime Veterans are eligible for monthly pension benefits if they meet the net worth and income requirements.

The Fiduciary Program

The Fiduciary program provides oversight for VA's most vulnerable beneficiaries who are unable to manage their own VA benefits. Upon appointment by VA, a fiduciary is authorized to receive direct payment of a beneficiary's VA benefits and to disburse funds to creditors and the beneficiary according to the best interests of the beneficiary.

A note on the data:

The 2023 Annual Benefits Report is based on data from the VBA corporate database.

The availability of gender and age data is limited as some records have no gender or birthdate available. Those records are accounted for in the totals for each table but not in the category columns. Please see footnotes for additional information.

The Old Law Pension Program and Section 306 Pension Program are closed to new applicants. The term "Other Pension" is used to reference them.

Please see the section on page [126](#): "A Note on How the FY 2023 Pension Data is Presented" for important information on the color coding of the data tables.

Data regarding the fiduciaries of Veterans and survivors receiving VA benefit payments are stored in the Beneficiary Fiduciary Field System (BFFS) while data regarding claims, benefit types and award amounts for fiduciary related records are stored in the VBA corporate database.

Information on the fiduciary program begins on page [142](#).

Pension Programs

Pension Benefits for Veterans

Wartime Veterans who meet one or more of the following basic eligibility criteria may be entitled to pension benefits:

- Permanent and total disability from non-service-connected causes. Veterans are considered permanently and totally disabled if they are:
 - A patient in a nursing home, or
 - In receipt of Social Security disability benefits, or
 - Unemployable due to disability as determined by VA.
- 65 years of age or older

Entitlement is subject to income and net worth limitations. Additional amounts may be paid to Veterans who have dependents or who, due to disability, are in need of the aid and attendance (A&A) of another person or are housebound.

Pension Benefits for Surviving Spouses

Surviving spouses of wartime Veterans have basic eligibility for survivors' pension if they meet the income and net worth limitations. Additional amounts may be paid to surviving spouses who have dependents or who, due to disability, are in need of A&A of another person or are housebound.

Pension Benefits for Surviving Children

Surviving children of wartime Veterans have basic eligibility for survivors' pension if they meet income and net worth limitations and are:

- Unmarried, and
 - Under the age of 18 years, or
 - Between the age of 18 and 23 years and attending an accredited school, or
 - Became permanently incapable of self-support prior to reaching 18 years of age.

Special Monthly Pension: Aid and Attendance and Housebound

Veterans and survivors who need the A&A of another person or are housebound may be eligible for additional amounts of pension called special monthly pension. Because pension at the A&A and housebound rates is based upon a higher income limit, claimants ineligible for basic pension due to excessive income may be eligible for pension benefits if they are determined to need A&A or are housebound.

Aid and Attendance (A&A)

- Veterans or surviving spouses may be eligible for pension at the A&A rate if:
 - They require the assistance of another person in order to perform activities of daily living, such as bathing, feeding, dressing, toileting, adjusting prosthetic devices, or protecting themselves from the hazards of their daily environment,
or
 - They are bedridden, in that their disability or disabilities require that they remain in bed apart from any prescribed course of convalescence or treatment,
or
 - They are a patient in a nursing home due to mental or physical incapacity,
or
 - They have corrected visual acuity of 5/200 or less in both eyes, or concentric contraction of the visual field to 5 degrees or less.

Housebound

- Veterans may be eligible for pension at the housebound rate if:
 - They have a single permanent disability evaluated as 100-percent disabling and,
or
 - Due to a disability or disabilities, they are permanently and substantially confined to their immediate premises,
or
 - They have a single permanent disability evaluated as 100-percent disabling and another disability or disabilities, independently evaluated as 60-percent or more disabling.
- Surviving spouses may be eligible for pension at the housebound rate if disability or disabilities permanently and substantially confine them to their immediate premises.

Old Law and Section 306 Pension

Old Law and Section 306 Pension for Veterans and their surviving spouses and children use laws and regulations different from the current pension program to determine entitlement and the amount of monthly benefits. VA does not accept any new applications for benefits under these older programs. If a beneficiary loses entitlement to Old Law or Section 306 Pension due to changes in circumstances (for example, a change in income), the beneficiary must establish entitlement under the rules of the current Veterans pension or survivors pension program.

Fiduciary

Purpose of the Fiduciary Program

VA's Fiduciary Program provides protection to Veterans and other beneficiaries who are unable to manage their financial affairs. Under this program, VA appoints fiduciaries to manage VA benefits and ensure the welfare and needs of beneficiaries by using the least restrictive, yet most effective payment method. The program closely monitors fiduciaries for compliance with program responsibilities to ensure that VA benefits are being used for the sole purpose of meeting the needs, security, and comfort of beneficiaries and their dependents.
