1. Introduction

1.1. Purpose

As of November 19, 2020, VA will be migrating all help desk and support services to the ServiceNow Customer Service Management (CSM) application. Users that access the following VA applications will now **report all Technical and Policy inquiries directly into the ServiceNow tool.**

- WebLGY (FFPS and SAH)
- LGYHub
- VA Loan Electronic Reporting Interface (VALERI)
- VALERI Servicer Web Portal (SWP)

This user guide will provide information on how to navigate the ServiceNow CSM application.

1.2. Document Orientation

This section describes the orientation of the document.

1.2.1. Organization of the Manual

This guide supports the following user types:

- VA Employees that possess a Personal Identification Verification (PIV) Card
- Non-VA Employees that access VA systems using ID.Me/AccessVA
- Guest Users

1.2.2. Assumptions

In creating this guide, we assumed the following experience/skills of the audience:

- User has basic knowledge and access to the following systems:
 - WebLGY
 - LGYHub
 - VALERI
 - VALERI Servicer Web Portal
 - FFPS
 - SAH

1.2.3. Disclaimers

We provide the following standard VA disclaimers “as written.”

- This user guide is not intended to diagnose system issues or problems in any of the VA applications that will integrate with ServiceNow.

- This user guide will contain basic navigational features of ServiceNow and will not be able to cover every possible Help Desk request scenario.

1.2.3.1. Documentation Disclaimer

The appearance of external hyperlink references in this manual does not constitute endorsement by the Department of Veterans Affairs (VA) of this Web site or the information, products, or services contained therein. VA does not exercise any editorial control over the information you may find at these locations. Such links are provided and are consistent with the stated purpose of VA.

1.2.4. Documentation Conventions

Various symbols are used throughout the documentation to alert the reader to special information. The following table gives a description of each of these symbols:

Figure 1-1 Documentation Symbols and Descriptions

	Contains supplementary information about a step or process.
	Contains cautionary information about a step or process; usually a clarifying statement to assist a user with step execution.
	Indicates highly important information that is critical to a step or process.

1.2.5. References and Resources

The documents associated with this software are maintained on the VA website: <https://yourit.va.gov/va>

2. System Summary

ServiceNow will provide the following benefits to VA system users:

- Access to external users – Previous help desk tools have limited case submissions to only internal VA resources. ServiceNow will allow external users to submit case, eliminating the need to utilize e-mail or other workaround processes.
- Improved communication – Help desk technicians will be able to directly communicate with end-users via the ServiceNow tool.
- Improved customer experience – End-users will be able to view status and progress of their cases. User can now get real time data and see the status of their case.
- Improved reporting – ServiceNow will allow VA to set up dashboards with live data to provide real time performance metrics.
- Improved operations – ServiceNow allows us to automate more processes, allowing a streamlined process for managing help desk requests.

2.1. User Access Levels

User Type	Characteristics	Specific Permissions
Registered User (VA Employee)	User can access VA applications via their PIV Card	<ul style="list-style-type: none"> ▪ Can access ServiceNow while logged into a VA application ▪ Can submit a case ▪ Can log in to view and respond to submitted cases ▪ Can respond to a case via e-mail ▪ Can submit a case on someone else's behalf
Registered User (non-VA Employee)	User can access VA applications via their ID.Me/AccessVA account	<ul style="list-style-type: none"> ▪ Can access ServiceNow while logged into a VA application ▪ Can submit a case ▪ Can log in to view and respond to submitted cases ▪ Can respond to a case via e-mail ▪ Can submit a case on someone else's behalf
Guest User	User logs into LGY applications not using ID.ME/AccessVA or does not have access to VA applications	<ul style="list-style-type: none"> ▪ Can submit a case on the ServiceNow website as a guest user ▪ Can submit a case on someone else's behalf ▪ Can respond to a case via e-mail

3. System Access

This section provides a general walkthrough of the system. The logical arrangement of the information is intended to assist users to understand the sequence and flow of the system.

3.1. Accessing ServiceNow (Registered User)

3.1.1. Access ServiceNow via VALERI

 The following instructions assume that the user is able to log into the VALERI application using a Personal Identification Verification (PIV) card. If the user unable to log into the VALERI application, please see section, *Access ServiceNow as a Guest User*.

1. Log into the **VALERI** application.
2. Navigate to the **VALERI Home page**.
3. In **Announcements**, locate the message regarding the implementation of ServiceNow.

4. Select the link in the message to open the ServiceNow application.
5. ServiceNow will authenticate the user and profile information will be displayed in the corner of the home screen.

3.1.2. Access ServiceNow via VALERI Servicer Web Portal

 The following instructions assume that the user is able to log into the VALERI Servicer Web Portal application using their ID.Me/AccessVA account. If the user is unable to log into the VALERI Servicer Web Portal application, please see section, ***Access ServiceNow as a Guest User***.

6. Log into the **VALERI Servicer Web Portal** using ID.Me/AccessVA.
7. Navigate to the VALERI Servicer Web Portal Home page.
8. In Announcements, locate the message regarding the implementation of ServiceNow.
9. Select the link in the message to open the ServiceNow application.
10. ServiceNow will authenticate the user and profile information will be displayed in the corner of the home screen.

3.1.3. Access ServiceNow via WebLGY or LGYHub (Internal VA Employees)

 The following instructions assume that the user is able to log into the WebLGY application using a Personal Identification Verification (PIV) card. If the user unable to log into the WebLGY application, please see section, ***Access ServiceNow as a Guest User***.

11. Log into WebLGY or LGYHub.
