Progress Policy Guidelines

Institutions are required by law to have and to enforce standards of progress in order for their programs to be approved for VA benefits. These standards should be stated plainly in the catalog or bulletin. The policy must define the following:

- School’s grading system
- School’s grading period
- Minimum grades considered satisfactory
- A clear description of any probation period
- Conditions for interruption of training due to unsatisfactory grades or progress
- Conditions for student’s reentrance/admission following dismissal/suspension for unsatisfactory progress

School officials are responsible for enforcing the established standards of progress. This will require that you specify intervals between initial enrollment and graduation/completion when each student’s progress will be evaluated.

Schools that provide a period of academic probation may not continue to certify a veteran or eligible person for an indefinite period of time. It is not unreasonable to expect that an institution will report a termination due to unsatisfactory progress if a student remains on academic probation beyond two (2) terms, quarters or semesters without an improvement in his/her academic standing.

Please ensure that your progress policies for undergraduate, graduate, law school and certificate programs meet the above requirements. If your catalog does not contain all of this information, a progress policy must be submitted as an addendum to the current catalog (and noted on the true and correct statement).

NOTE: All school policies pertaining to attendance, academic progress and program completion must be the same for VA-certified students as the general student population.
DEVELOPMENTAL/REMEDIAL/DEFICIENCY COURSES
Reference 38 CFR 21.4200(s) and (t)

I certify that the following courses are designed to overcome a deficiency at the elementary or secondary level in a particular area of study (e.g. English or math) and NOT for study skills or personal enhancement. I also certify that these courses cannot be used for credit toward completion of degree and/or certificate requirements.

Course Number    Course Title    Credit Hrs.    Catalog Page No. or Addendum

Definition: Developmental/Remedial/Deficiency courses are courses designed to overcome a deficiency at the elementary or secondary level in a particular area of study (usually English or math) under provisions of 38 CFR 21.4200(s) and (t); and 38 CFR 21.4235(f) and 38 CFR 21.4237(f) for ESL.

Documentation through testing must be available to support the need for each specific developmental/remedial/deficiency course. These courses cannot be used for degree or certificate requirements.

NOTE: Courses cannot be used for credit toward completion of degree or certificate program requirements. Also, they cannot be used as electives. Study skills and personal enhancement courses cannot be approved as developmental/remedial/deficiency courses for VA training.

On-line Remedial/ Deficiency courses are not payable and should not be included in the list above.
Practical training is academic training that includes actual job training. These courses are an integral part of the course, required for the completion of the course, and are under the direction and supervision of the school. If specifically approved, these types of courses can be certified either in credit hours or clock hours, whichever is more advantageous to the veteran.

CHECK THE TYPE OF PRACTICAL TRAINING BEING REQUESTED FOR APPROVAL

☐ Medical/Dental Specialty Courses (clinical training given off-campus such as medical/dental assistant externships or X-ray technician)

☐ Registered Nursing Courses (clinical courses with hospital or fieldwork phases)

☐ Licensed Vocational Nursing Courses (academic subjects and clinical training)

☐ Professional Training Courses (including Teacher Certification courses)

☐ Practical Training (externships or practicums in any other field that require class attendance on at least a weekly basis to provide for interaction between instructor and student)

I request that the applicable practical training courses be assessed as institutional training under the provisions of 38 CFR 21.4265. I certify that these courses are an integral part of the curriculum, are required for graduation, are under the direction of the school, and the student remains enrolled in the school during these courses. These courses may be certified in either credit or clock hours.
