The Impact of Education's New Interpretation of the 48-Month Rule on Veteran Readiness and Employment Participants

Bryan Callahan & Allison Bernheimer

Policy Analysts

Veteran Readiness and Employment (VR&E) Service

48- Month Rule Overview

- Effective April 1, 2021, Education Service (EDU) stopped counting entitlement used in Chapter 31, also known as Veteran Readiness and Employment (VR&E), toward the possible 48 months of entitlement available under two or more VA education programs
- VR&E will continue to count entitlement used in other VA education programs towards the possible 48-months of entitlement under Chapter 31
- EDU will automatically apply this new interpretation of the law (38 U.S.C. 3695) to all Veterans who are within their EDU delimiting date, as applicable
- In consideration of the new interpretation, it is generally best for a claimant to use his or her VR&E benefits prior to using VA education benefits, such as the Post 9/11 GI Bill®
- For claimants who used VA education benefits first and who meet specific criteria as outlined in 38 CFR 21.282(c), a retroactive induction into VR&E may be provided

Retroactive Induction - Process

- A retroactive induction is defined as a period previously completed under another VA education program, or other system, that the claimant requests to have classified under Chapter 31
- Once VR&E approves a retroactive induction, the School Certifying Official can expect:
 1. An authorization in Tungsten for a period previously completed under Chapter 33 only if the facility is approved for the Yellow Ribbon program:
 - The facility will only be reimbursed for the portion of the Yellow Ribbon program that the facility contributed
 - The facility will be responsible for reimbursing the claimant for any tuition/fees he or she contributed over the Yellow Ribbon cap
 2. An authorization in Tungsten for a previous enrollment period(s) where the claimant self-paid:
 - The facility will be responsible for certifying the previous enrollment period(s) in VA-Once
 3. A request for assistance to obtain past tuition/fees bills and receipts for books/supplies, if applicable

Isakson & Roe Updates Section 1102 & 1103

Chief
National Training Teams - Schools

COVID-19 Update for Students

Special COVID-19 Rules End Soon:

Starting **December 22, 2021**, students will no longer be able to receive their MHA at the resident (in person) rate for classes taken online. This is because special COVID-19 legislation that permits students to receive MHA at the resident (in person) rate, while taking approved courses converted to online training due to COVID-19, will end on December 21, 2021.

When enrolling for courses in 2022 or any subsequent term, students will need to enroll in approved resident (in person) classes to continue receiving their MHA at the resident rate. Otherwise, students will receive the online rate (half the national average)

COVID-19 Update for Students

Special COVID-19 Rules End Soon:

Additionally, many GI Bill® programs are not normally approved for online training; they are only approved for resident (in person) training

These programs are only currently approved for GI Bill® benefits® for online training by virtue of the special COVID-19 legislation set to **expire on December 21, 2021**

COVID-19 Update for Students

Special COVID-19 Rules End Soon:

If the program is one that is normally **only** approved for resident training and **only** approved for online training by virtue to the COVID-19 legislation, students will need to return to resident (in person) training after December 21, 2021, if students want to continue receiving GI Bill® benefits

COVID-19 Update for Students

Special COVID-19 Rules End Soon:

If students continue training online after December 21, 2021:

- GI Bill® benefits, such as a monthly housing allowance, will stop
- Students may end up owing a tuition debt to your school (VA will charge the school a prorated tuition and fee debt which the school may, in turn, pass on to the student)

COVID-19 Update for Students

Impact on Certifying

- Continue to certify using the COVID rules (resident due to COVID) even for bridge terms
- However, unless the law changes, if the school is not **normally** approved for online training, then the student needs to **return to resident training after Dec 21** if they want to get getting GI Bill® benefits – benefits will stop after Dec 21 for online training

COVID-19 Update for Students

Impact on Certifying

- If you certified a student as resident due to Covid, but the student has come back as a resident or is coming back on or before December 22, 2021, then ensure that you recertify the student as resident to ensure that there is an accurate enrollment certification
- VA will begin processing adjustments to awards as early as mid November 2021

VA-ONCE Remarks Overview

When an enrollment is submitted in VA-ONCE, there is an option to **Modify Remarks List** to add a remark to the enrollment certification

VBA Standard Remarks Vs Non-Standard Remarks

- **VBA Standard Remarks** are predetermined choices that can be selected from a drop-down list. If "Other" is selected from the drop-down, the user can then enter a non-standard remark.
- **Non-Standard Remarks** are "School Standard Remarks" and "Other" Remarks that are entered as free text.

Important! The use of non-standard remarks prevent automation and delay processing.

The screenshot displays the VA-ONCE system interface. The main window is titled 'VA-ONCE Certs - Windows Internet Explorer'. It shows a 'Cert Complete Submit' page with fields for Name, SSN, File/Payee, Program, Chapter, and Training Type. Below this is a table of enrollment records with columns: Term Name, Status, Facility Code, Begin Date Range, End Date Range, Res, Dist, R/D, Clock, LDA/Est Date, Facility Code, and Cert ID. A 'Modify Remarks List' dialog box is open in the foreground. It has tabs for 'Add', 'Remove', and 'Done'. The 'Add' tab is selected, showing a table with columns: Remark Code, Remark, and System Generated. The table is empty, displaying 'No Records Found'. Below the table is a 'New Remark' section with a 'Save' button. The 'New Remark' section has two dropdown menus: 'VBA Standard Remarks' (with 'Other' selected) and 'School Standard Remarks' (with 'Other' selected). Below these is a text area for 'Other Remarks' with a 125-character limit and a character count of 104. The background window also shows a 'Bio' tab with a table of enrollment records and an 'Edit Enrollment' section with fields for Facility, Trng Type, Prgrm, and Prior Credit.

Standard vs. Non-Standard Remarks

The Use of Non-Standard Remarks

In September, non-standard remarks stopped automation of 6% of all Post-9/11 GI Bill® enrollment claims, totaling more than **18,000 enrollments** that may have been otherwise automated. Review the table below for the most common scenarios in which a remark is added and it is not required:

Scenario	Is a remark needed?	Why or why not?
A change in tuition and fees	No	This change is automatically captured
School break/disruption less than 7 days (break, holiday, emergency event)	No	Only breaks of 7 days or longer require notification to VA
School break/disruption 7 or more days during a standard term	No	The start and end date for breaks of 7 days or more must be reported to VA for non-standard terms only .
Adjustment for punitive grades	No	If “Punitive Grades Assigned” is selected as the reason for change, no additional remarks are needed
