VA Education Benefits Online Reference

The Transition Assistance Program (TAP) provides training, information, and services to help Service members and their families transition to civilian life after the military. The goal of the program is to help Service members bridge their military experiences and skills with their post-military goals by planning for transition throughout their Military Life Cycle (MLC).

At key touch points throughout MLC, TAP delivers modules to inform Service members about benefits and services available to support them during their careers and after separation or retirement. The VA Education Benefits module describes Tuition Assistance, Post-9/11 GI Bill, Transfer of Entitlement, and VA Education and Career Counseling benefits and the GI Bill Comparison Tool.

This online reference accompanies the VA Education Benefits module and provides you with the web links to important websites and resources related to VA benefits and services.
