I. Non-College Degree (NCD)

New to Enrollment Manager? This guide will serve as an overview for Enrollment Manager functions when servicing NCD recipients. Refer to section E. Appendix for more in-depth resources.

### a. LOGIN

Navigate to [VA va.gov](https://va.gov) and select **Sign in** in the top right hand corner.

Select either:
- **Create an account with Login.gov**
- **Create an account with ID.me**

Follow the prompts, which will then require you to set-up **multi-factor authentication**.

Once multi-factor authentification is set-up, sign in to your VA.gov account and select the **My VA** button.

Select either:
- **Verify account with Login.gov**
- **Verify account with ID.me**

For first time logins, navigate to the VA Education Platform landing page and select the **SSOe** button.

Log in with the appropriate platform based on where you created your account. Once logged in, you will request first time access by utilizing 1 of the 3 options:

**Option 1:** Requires SCOs to request access through an Education Liaison Representative.

**Option 2:** Requires users to input their legacy VA-ONCE credentials.

**Option 3:** Requires SCO Assistants and Read Only SCOs to request access from their residing SCO. Refer to the User Guide for further details of each option.

### b. SEARCH FOR A STUDENT

From the Dashboard page, select the **Find and add a student** button.

Select either:
- **Search my students** (Skip to step 3) or
- **Search all students** (Skip to step 4).

Depending on which option you select, there will be different search fields options. Unlike VA-ONCE, neither allows to search for a student by SSN.

When searching **“my students”**, “Active” students will default alphabetically. Search by First name, Last name, or Student ID. Skip to step 5.

When searching **“all students”**, you can search by First name, Middle name, Last name, Email, Phone number, or Date of Birth. Last name or Date of birth are required fields.

Once the search criteria is entered, select **Search** and find the desired student.

From the Search results, select your desired student and select **Go to profile**.

Once the student’s profile appears, navigate through the various tabs to review relevant data.

### II. Non-College Degree (NCD)

**New to Enrollment Manager?** This guide will serve as an overview for Enrollment Manager functions when servicing NCD recipients. Refer to section E. Appendix for more in-depth resources.

### c. CREATE & SUBMIT AN ENROLLMENT

1. From the Dashboard page, select the **Find and add a student** button.

2. Search and select your student and then navigate to the **Enrollments** tab.

3. Select the **Add enrollment** button.

4. Select the “Training Facility” from the pre-populated list, and enter the “Enrollment name”, “Begin/End” dates, or select a preset enrollment.

5. Complete the remaining information, including the resident credits, online credits, clock hours*, and tuition. If this is a non-standard term, and there is a vacation period that is 7 days or more then you may enter it when submitting a student’s enrollment. Hover over the text for more information.

6. Before submitting the enrollment, you may **Add VBA remarks** or notes. Only add VBA remarks when necessary, as they slow down processing time.

7. Once complete, save the enrollment as a draft for later submission or select **Submit enrollment**.

### d. AMEND & TERMINATE AN ENROLLMENT

1. Navigate to the correct student’s **Enrollments** tab. Refer to the “b. Search for a Student” section for more information.

2. Select **Amend** and choose your path:
   - Amend an enrollment (Skip to Step 3) or
   - Terminate an enrollment (Skip to Step 5).

3. Revise all necessary fields. While revising, note the following:
   - Not all “Effective dates” will auto populate. Be sure to input all date(s).
   - The “School” cannot be amended.
   - “Credits and Tuition” section changes will generate a new section called “Amendment Information,” where fields can be completed.

4. Once complete, save the enrollment as a draft for later submission or select **Submit enrollment**.

5. To terminate an enrollment, navigate to the **Credits and Tuition** section and check the “Termination” or “Graduation / End of Term or Course” box. The “Resident”, “Online”, “Clock” and “Remedial/Deficiency fields” will update to zero and will not be editable.

6. Under **Amendment information** indicate the “Amendment Reason” and enter the “Effective date”.

7. Once complete, select **Submit amendment**.
